Public Represented As
Officials Meet Prior
To Regular Session

"We have nothing to hide, and a reporter is welcome at any time" during Venice city council discussions, Mayor John E. Lee told the Press-Record Friday night.

In authorizing public representation at informal discussions preceding council meetings, Dr. Lee made it clear that Venice officials recognize the public's right to know the background as well as formal transaction of public business.

As has been a practice of long standing, the mayor, council members and other city officers met in the mayor's office before beginning the public council meeting in the council room directly across the hall on the main floor of the city hall.

When a Press-Record reporter asked permission to attend, Mayor Lee or his wife, Mrs. Lee, were present for the entire discussion which immediately followed it.

The discussion in the mayor's office was devoted primarily to matters on which action was taken in the meeting open to private citizens.

Informational Sessions
These meetings simply are informational sessions so that we can bring each other up to date on business to come before the council," the mayor said.

Pontoon Issue
Cost Vs. Need
For Services

Lack Of Industries
Complicates Task Of
Financing Village

(Sixth of a Series)
In the absence of any other issues—although there is still time for new issues to develop—the Pontoon Beach village incorporation proposal may be decided on the single question of whether services to be derived justify what they would cost in taxes.

Residents of a quarter-square-mile area will go to the polls Saturday, Nov. 3, to decide whether to create a village government. The majority decision will prevail.

While there is the hazard of oversimplification—voters' emotions are guided by their emotions rather than the facts—it seems possible at this point that the election will be decided on the basis of the cost of services.

There is no question but that the present level of government services at Pontoon Beach is less than that enjoyed within incorporated municipalities.

What must be decided is whether the village could substantially expand existing services while simultaneously avoiding the real estate and personal property taxes.

The problem in providing economical services is that the area primarily consists of residential property. When there is little or no commercial and industrial property, the full burden of municipal costs falls upon home owners.

Exception to this basic situation is the potential revenue from a village industrial park. The prospect of obtaining a share of state motor fuel tax funds to finance street maintenance and improvements.

\$6,900,000
Cost For
Hillside
Drainage

Government Would Pay
Over Half Of Total
Area Flood Control

A \$6,900,000 program designed to alleviate lowland flooding from hillside rain water runoff in Madison and St. Clair counties was proposed Thursday night by the St. Louis District Corps of Engineers at a public hearing in East St. Louis.

The plan, which would require \$3.2 million from non-federal sources combined with \$3.7 million from the government, is the result of a three-year study of the area by Army engineers.

It is designed to prevent floods of the type which occurred in 1946, 1957 and 1961 from hillside drainage of rainwater which choked canals and ditches in low lying areas. The plan includes 33 construction items in two watersheds culminating in the Cahokia diversion canal on the north and the Harding ditch on the south.

Included are a water retention area north of Horseshoe Lake near Route 111 which would utilize the lake as an overflow area, and a water retention area of heavy rainfall, and the general straightening and widening of the Harding ditch.

Outlined by District Engineer Col. Alfred J. D'Arco and other staff members from the U. S. Army Engineer District in St. Louis, the proposal generally met with the approval of about 90 persons attending the hearing at the East St. Louis and Sanitary District offices.

Reference Necessary
The levee district was petitioned to assume responsibility for the \$3.2 million from non-federal funds. Lawrence Tolar, president of the levee board said the district facilities once they were built, one of several stipulations of the plan.

Through updating the city's master plan, the Planning Commission is hopeful the city will win the right to construct a toll road extending a mile and a half beyond its borders. The plan was prepared in 1955 at a cost of \$22,000 by Harland Bartholomew & Associates, St. Louis.

Settlement Proposal
Still pending is a resolution placed on first reading at the Oct. 15 meeting to accept \$300,000 from Illinois Terminal Railroad Co. for removal of the city's trolley tracks. Part of the work has been estimated at \$168,000 by City Engineer David J. Johnson, but City Atty. John Gitchoff has been unable to accept.

Police Predict 90
Accidents This Month

A prediction of three traffic accidents a day this month in Granite City was made today by the police department. Patrolmen Raymond Ridge, the records section and William Condis, a desk clerk, estimated the total at 90 crashes for the month.

Their forecast for October was 88 accidents, and the number of crashes was 11 short, or nearly 2.5 per day.

However, for November, bad weather is taken into consideration. Last Friday, when there was a slight rain, seven crashes occurred in the city. In October's 77 accidents, 21 injuries were reported.

Several staff members will be assigned to the court house office of the county clerk to compile returns there and telephone them to the newspaper office here.

October—\$43,865
New construction slumped in Granite City during October. Permits issued by City Building Inspector Earl Bloomquist and City Clerk A. L. Stevens totaled only \$43,865, compared to \$625,646 during September.

Bloomquist said permits for garages and carports outnumbered all others during the first two weeks. Two permits were issued for work on business buildings, and one permit was issued for installation of a mobile home.

Largest of construction permits issued during the period was for new concrete floor at the warehouse building, 1101 Nineteenth street. Estimated cost of the work to be done by the Fremont Construction Co. is \$4000. The permit was issued by the Bernadine Realty Co.

Moderate Turnout
Of Voters Expected
In Area Tomorrow

National, State, County
Offices To Be Filled;
Two Special Ballots

A moderate turnout of voters is expected in the Quad-Cities area for tomorrow's general election. Polling places in the 49 precincts are to be open from 6 a.m. to 6 p.m.

Voters will be given three ballots when they enter the polls: the regular county ballot with the Democrat and Republican parties, the special blue ballot for the judicial election, and a ballot for amendments to the state banking Act.

Political observers believe Quad-City voters will follow the April election trend with slightly over half of the estimated 32,500 eligible voters going to the polls. In the April primary, 15,850 Quad-Cities—14,860 Democrats and 990 Republicans—voted. Four years ago in a comparable off-year election, 16,382 votes were counted and in 1954, the total was 18,544. These figures compare to 27,375 votes cast in the presidential election in 1960.

A breakdown of the number of registered voters shows 19,561 in Granite City township, 7441 in Venice township, 4217 in Nameoki township and 2861 in Chouteau township. It is estimated that over 1000 of the Chouteau township voters are in the Mitchell area precinct, with others in the Hartford and Roxana precincts.

Regular county voting precinct lines will be in force for tomorrow's election. This poses no problem in Venice or Chouteau townships, but in Granite City, voters are to go to the polling place for the precinct listed on the pink voter registration card.

A number of Granite City voters will find they are in different precincts from the April primary. A combination of word and stone siding is to be used. Local residents are to be notified by mail. William B. Masters received a permit for installation of a \$5000 mobile home at 2917 Victory drive.

Garage and carport permits were issued for construction totaling \$8300. Bloomquist said home repair and improvement project permits were issued for work amounting to \$3410.

Improvement Fund for the 12-month period which began Oct. 1. It has been approved by Mayor Lee and the councilmen on the "order and dispatch" with which consulting engineers for all of the bridge work.

Bridge Openings, Columns  
Henry McMullen, bridge manager, explained to the council that two major projects which account for over \$35,000 of the proposed expenditures have been completed. Work on others is underway, he said, or is to be started.

The completed projects include closure of bridge deck openings and repairs to concrete support columns. These projects, as well as others in the budget, were recommended in the Hardy and Hanover annual inspection report made to the city last June.

Other expenditures provided for in the budget include repairs to the west approach, \$7500; installation of concrete gutters, \$275; installation of a fence along the bridge property line on the south side of the St. Louis approach, \$450; installation of new rub rails, \$2200; repairs to pier coping, \$2200; repairs to curbing, \$1600; repairs to hand rails, \$275; and relocation of pier warning lights, \$250.

ern closing hours on New Year's Eve. A motion by Alderman Hank Svozil that closing hours be extended from 1 a.m. to 3 a.m. Jan. 1 only was approved by the council.

Mayor Lee read excerpts from an audit of the city's motor fuel tax fund recently completed by the State Department of Public Works and Buildings. The report congratulated City Commissioner Carl Byrnes for his cooperation and for the order in which the city's books were found.

Jack Tolliver, city engineer, reported that completion of the new city garage is expected by the first of December. Byrnes said the powers conferred on Tolliver by the city is scheduled soon.

John Kraynak, Madison county auditor, attended the council meeting. He said he was in the city hall on other business, and explained to the council there. He complimented Mayor Lee and the councilmen on the "order and dispatch" with which the meeting was conducted.

year term) and a village clerk, who could be delegated the additional duties of city controller.

Appointive Posts  
Appointive positions could include a village treasurer, one or more street commissioners, a village marshal and other offices regarded as necessary to carry out the powers conferred on villages.

In addition to the no-pay plan, proponents say many of the services normally associated with municipalities would not be necessary in the case of Pontoon Beach.

Firefighting is provided by the Long Lake volunteer fire department, which would continue serving Pontoon Beach. Private individuals provide garbage collection service, on a fee basis and they would be permitted to continue in business.

Certain other potential services provided by the city might be postponed indefinitely.

Police, Lighting  
Programs which probably would be conducted, in addition to street work, are police protection and street lighting. A sanitary sewer program also might be carried out separately or on a joint basis with Namekoi township, Hicks has said.

Pontoon Beach property owners currently provide about \$17,000 a year in taxes for operation of the Madison county government. Granite City community unit school district, East Side Levee and Sanitary district, Namekoi township general assistance program, Long Lake fire district and Namekoi township road and bridge program. Present tax rate on \$100 assessed valuation is \$3.573, including \$2.277 for schools, 38 cents for the levee district, 29.4 cents for the county, 28.6 cents for township roads, 23.2 cents for the township general fund and 9.2 cents for the fire district.

Typical Tax Bill  
A home now valued at \$10,000 and assessed at \$6000 under the 60-cent assessment rate currently has in a yearly property tax bill of \$214. Valuation at Pontoon Beach is estimated to total \$500,000.

With village proponents talking in terms of a \$17,000 yearly budget, which would be in addition to the \$17,000 taxes now paid, a sharp tax increase is possible if the village is created. They expect Namekoi township road taxes to decrease somewhat, however, due to the village assuming a share of the present road work.

Charged For Disturbance

John McNall, 38, of 1415a Twenty-First street, was released on \$25 cash bail after being charged with creating a disturbance and being drunk Friday night. He is to appear today before Police Magistrate Gasparovic.

Study Group Proposes  
Year-Round Education

A study group of area educators met Thursday in Edwardsville in the office of the county superintendent of schools to discuss proposals pertaining to education.

They approved a recommendation to the Illinois general assembly to enact legislation to permit the organization of classroom a quarter system over a full 12-month period in order to get full utilization of classrooms in view of the shortage of teachers.

Members of the study group included Wilbur R. L. Trimpe, county superintendent of schools; Dr. J. B. Johnson, superintendent of Alton schools; Dr. Clarence Stephens, vice-president of SIU; and Lawrence Taliana, Loren B. Jung and Aldo Schuck, all of Edwardsville.

Details of the proposal will be completed when recommendations are offered to the Southern Illinois Area Study Commission next month. State Rep. Paul Simon of Troy is chairman of the commission.

Other recommendations made included that transportation laws be re-evaluated in terms of present day needs and practice; that a study be made of inequalities of educational opportunities in the county area of Madison and St. Clair; and that legislation make it mandatory to have additional professional personnel at county level.

Water Retention Structures

Basically, the project covers an area identical to the boundaries of the levee district, with facilities designed to handle the runoff of 5.4 inches of rainfall in 14-hour periods without major flooding conditions developing.

The most important structures proposed are five water retention areas with control gates, where hillside runoff would be held back until canals and waterways leading to the Mississippi River could handle the discharge.

The pertinent construction features include:

1. About 12 1/2 miles of enlargements to existing drainage ditches.
2. Five new water retention areas capable of holding millions of gallons of rainwater.
3. Enlargement of two existing ditches in the district.
4. A new hillside dam and reservoir on Little Canteen creek, near a 120-acre lake.
5. A new pumping station on the Blue Waters ditch with a 186,000-gallon per minute capacity.
6. Five new retention control structures (flood gates).
7. Six new highway and street enlargements (necessitated by the enlargement of ditches and the new holding areas).
8. Two new railroad bridges.
9. Two new and larger culverts.

Col. D'Arezzo emphasized that the government's share of project costs would cover construction only, with the \$3.2 million from non-Federal sources utilized for the most part to obtain easements and rights-of-way and for construction of the improvements.

"Economically Justifiable"  
The whole project is economically justifiable, the district engineer said. "The annual cost is estimated at \$225,000, returning about \$475,000 in benefits yearly. If we don't complete the project, you can expect water damage by flooding to occur over more than 15,000 acres if we experience the type of rains we had here in May of 1961."

Eugene Hayes, an East St. Louis real estate developer and former levee district supervisor, was one of a number of speakers from the audience who expressed enthusiastic support of the program when Col. D'Arezzo called for questions and comments following the project's description.

"It's time for a citizens' committee to take action, constructive action," he said. "We should get what state support we can—its high time; Illinois hasn't spent 15 cents for flood control in the district."

Hayes called for a meeting in the next 10 days or so of city mayors, heads of industry and business to work out a plan of financing.

Granite Cityans in the audience included Chamber of Commerce President Chester L. Baker, Executive Secretary Harlan Dobry, H. D. Krandjett of the chamber's Horseshoe lake committee, and G. W. Hoelscher of the East Side Manufacturers Association and the Chamber's sewer and drainage committee.

Another project which is separate from the flood control proposal but would affect it was mentioned by Col. D'Arezzo. It is the repair or replacement of the low water dam in the Cahokia Creek diversion canal at an estimated cost of \$2,000,000.

St. Louisans Collide  
Venice police said an auto driven by Edward Fortune, 40, of St. Louis, struck the rear of the auto of Ronald Hill, 24, of St. Louis yesterday morning on Hill stopped on Main street at Broadway. Both autos were going south on Main. Only slight damage resulted.

Driver Faces Charge  
Mary A. Ziger, 38, of 1932 Grand avenue, was charged with careless driving about 12:30 a.m. Sunday after she was involved in an accident in the 1700 block of State street. Police said her auto struck a parked auto belonging to William Vovells at St. Louis.

"Adoption of the amendment will constitute a significant and necessary step forward in the administration of justice in Illinois."

"We are unanimously in favor of the proposed amendment and are convinced that its adoption will be in the best interests of the people. We therefore urge the voters of Illinois to approve the amendment by voting an 'X' opposite 'Yes' on the Blue Ballot."

## Miss Sharon Sue Curry And Norman H. Meyer Jr. Wed

The wedding of Miss Sharon Sue Curry and Norman H. Meyer Jr. took place Saturday afternoon at St. Elizabeth Catholic Church. Rev. John Franklin officiated at the 3 o'clock ceremony before the altar decorated with arrangements of white gladioli and pom-poms.

The bride's parents, Mr. and Mrs. Evan J. Curry, 4740 Nameoki road, gave a reception afterward at The Smorgasbord.

The attendants were Mrs. Richard Coleman, matron of honor; and Mrs. William Curry, a sister-in-law of the bride, as bridesmaid.

The former Miss Curry wore a gown of white dehabitated satin (featuring a scoop neckline, long tapering sleeves and a satin cummerbund adorned with lace motifs). The bell-shaped skirt ended in a court train embellished with lace motifs and a bow and streamers in the center back. A pearl crown held in place a tiered veil of silk illusion. The bride carried a crescent bouquet of Fuji mums and pom-poms. Mr. Curry gave his daughter in marriage.

The bridesmaids were dressed alike in willow green pea de sole. The gowns, ballerina-length, had round necklines and bracelet-length sleeves. The dropped torsos were accented by narrow bands and the bell skirts featured coachman backs with bows and streamers at the waist lines. Matching headpieces and shoes completed the costumes and they held bronze and copper Fuji mums tied with brown ribbon.

A little flower girl, Paula Sue Worthen, cousin of the bride, wore a ballerina length dress of the same color and material as those of the older attendants. She carried a basket of peach and yellow pom-poms. Gregory Reber, another cousin of the bride, served as ring bearer.

Mr. Meyer, a son of Mr. and Mrs. Norman Meyer Sr., 4002 North street, had Robert Garin as best man, and William Curry, the bride's brother, as groomsmen. The ushers were Larry Curry, another brother, and David Kirchner.

For the wedding Mrs. Curry selected a light brown nylon lace dress over taffeta and brown accessories, while Mrs. Meyer, the bridegroom's mother, appeared in a beige two-piece knit sheath and brown accessories. Both had corsages of orange cymbidium orchids.

Music for the wedding was by Mrs. Cleta Judd, organist, and Mrs. Alice Worthen, the bride's aunt, soloist. Miss Judith Ann Petroff presided over the guest book at the reception, music for which was furnished by an orchestra.

# Warriors Go Farther In Red Against Blue Devils

If Quincy's Blue Devils battled today on which team from the Southwestern conference they were most happy to see this fall, Granite City Warriors would win in a landslide.

The Warriors didn't win the football game Friday night at city stadium north of Quincy. It went to Cliff Wade's club by a 19-6 margin and marked the end of a six-game Blue Devil losing streak.

"You have to say 'this was our best game' when you finally win in a season like ours has been," said Wade, "but frankly, we weren't playing the kind of competition we got from other schools down that way."

Quincy did not have much luck against three other SWC

institutions, being shut out, in order, by Alton, Collinsville and East St. Louis.

**Warriors Score First**  
On Friday night, the Devils again held enemy in the game when Granite City mounted its only scoring drive in the first quarter.

Wade's boys took the opening kickoff and drove downfield to the 10-yard line where they gave Granite City possession.

The Redmen marched back upfield 90 yards for what was to be their only counter, with quarter back Bill Lierman sliding in for the TD from the Blue Devil one.

Bob Pyle and Norm Wilfong alternated with quarterback Bill Lierman in carrying on Granite City's only scoring drive, with Wilfong picking up 34 yards in the 90-yard march.

The fullback hit into Quincy's

line for 114 yards during the evening. Pyle was hampered by an injury to his hand, and x-rays show that he sustained a hairline fracture of a small bone in the hand which will probably sideline him Friday.

"Our senior players, particularly Denny Petroff, Mike Voorhees and Gary Riess (all played both ways), gave us a good game," Lewis said. "But our younger boys were lousy; they seemed tired."

Quincy got back in contention following the next kickoff. With fullback Bob Black (who was in on 24 tackles), put the Blue Devils pushed downfield to the 10-yard line, driving in from the GC four on a straight handoff. Again, the try for extra point failed, but the Devils were home free.

The final score by the home

**Campbell Repeats**  
Hallback Wayne Campbell, who scored Quincy's only six-pointers last year when the visitors ended another six-game losing streak 7-6, put the home team ahead 13-6 in the second period.

Quarterback Tom Bueker pitched out to Campbell at the Warrior 20 on a "be" series, and Campbell scooted over.

The point after touchdown run failed and the Devils took a 13-6 halftime lead to the dressing room.

Black, who played a standout game on both offense and defense as a linebacker (he was in on 24 tackles), put the Granite City Warriors on the scoreboard in the third period, driving in from the GC four on a straight handoff. Again, the try for extra point failed, but the Devils were home free.

The final score by the home

team, which is matched with Galesburg next week, was set up by a 40-yard pass completion from Bueker to Campbell.

Black, carrying 17 times from his fullback spot in Wade's wing-T offense, ground out 130 yards to lead all runners.

**Belleville Holds On**  
Granite City, in dropping its sixth straight, fell to 2-6 for the campaign, and is scheduled to step into the spotlight here next week when undefeated and top-ranked Belleville calls for a Friday night Southwestern Conference game.

The Maroons ran their record to 8-0 overall and 4-0 in the conference by humbling Edwards-

## 350 Expected At Park's 3rd Sports Dinner Wednesday

A capacity crowd of 350 is expected at the park district community center Wednesday evening to hear guest speaker Dave Fuddington, head football coach of the Washington University Bears, and witness the award of 121 trophies won by amateur athletes in five sports over the past year.

The occasion is the Granite City park district's third annual sports award banquet.

Guests at the head table will include Granite City's Dan Maxwell, rookie shortstop with the St. Louis Cardinals this past season, and Ken Gray and Bob by Joe Conrad, both of the St. Louis football Cardinals.

**Special Awards**

In addition to the 121 trophies to be awarded to teams and individuals, three special park district service awards and a silver appreciation bowl will be presented to four individuals who, in the opinion of park commissioners, have made outstanding contributions to park district athletic and recreation programs. The identity of these persons has been kept secret.

Puddington, a first-year coach at the Hilton, established himself quickly as his Bears broke a 16-game losing streak with a 35-20 win over the Rolla Miners in the first game of the season.

A 33-year-old native of Canton, O., he played his college football at Ohio Wesleyan University and was team captain his senior year.

**Korean Veteran**  
A hitch in the Navy, including 16 months in the Korean theater, was followed by his assignment to the coaching staff at Fairmont high school in Kettering, O. He became head football coach there in 1958 and guided the team to a 9-0 season.

The following year he joined the football staff at Kent State, where he served three seasons as backfield coach. He was appointed football coach at WU last March, replacing Lynn Hovland.

Maxwell, called up from the minors early in the season by the parent Cardinals, stuck with the team and impressed everyone with his glove work at shortstop.

He hovered around the 200 batting mark until the last month of the campaign, when he added 29 points to his average and him tabbed for winter league baseball, but Dal expressed a preference to return to school.

He holds an engineering degree from Washington University, and is enrolled in graduate business administration courses at the present time.

He also works as a "recruiter"

at the Hilton, not for athletes but for promising high school graduates with an interest in engineering.

Gray, who resided in Granite City for about a year after joining the Cardinals, is playing his fifth straight season as regular right guard on the Big Red's offensive unit.

A 240-pounder, Gray was a Little All-American at Howard Payne College in Brownsville, Tex. He was drafted by the Green Bay Packers in 1957, later came to the Cards as a free agent and has been a regular interior lineman ever since.

**Played In Pro Bowl**  
Last year he missed several games with a knee injury, but still was selected to play in the 1962 Pro Bowl game.

Conrad, the Cardinals' pass-catching fullback, is another "Texas product." He played at Texas A&M, and was a teammate of Cardinal running back John David Crow. A 195-pounder, Conrad, like Gray, is in his fifth year with the Cardinals.

Teammaster at Wednesday's award banquet will be Barry Loman, president of the park board. The invocation will be given by Mayor Michael J. Costello of Sacred Heart Catholic Church.

The welcoming address will be given by Milton Worthen, vice-president of the park board and newly-elected to the board of directors of the Illinois Association of Park Districts.

The service awards will be presented by Park Commissioner Clarence Baumeyer, and the appreciation award by Commissioner Milton Allen. Trophy presentations will conclude the banquet, with Puddington, Gray, Maxwell and Conrad assisting in their distribution.

The dinner will begin at 6:30 p.m.

**7-6 On Fourth-Quarter TD And Conversion**

Coolidge Junior high school's football squad completed an undefeated season by the narrowest of margins here Thursday afternoon, rallying for a fourth-quarter touchdown to nip cross-town rival Prather 7-6 at the Granite City high school field.

Prather took a quick, 6-0 lead on its first series in the opening quarter, with Leo Nighobosian sweeping his own left end from four yards out for the score after Len Revell had set up the TD with a 33-yard gallop on the previous play.

But the Chiefs failed to convert on the point after touchdown, and thereby lost at least a tie.

The second and third quarters were scoreless, although Coolidge drove to within the Prather five yard line twice in the closing seconds of the first half. Time ran out with the Braves on the Prather two.

**Touchdown Pass**  
Early in the fourth period, Coolidge struck through the air for its only score.

Quarterback Tim Hackney pitched down the middle to Ricky Turner for 36 yards and a score, and Greg Woniak plunged across for the extra point.

Prather mounted a drive late in the period, but lost the ball on a fumble at the Coolidge 20.

The Braves finished with a 7-0 record, while Prather compiled a 4-2-1 slate, losing two games by a total of eight points. The Braves were champions of the Junior High conference.

Trojans Are 3-3-1

## Madison Concludes Season With Midweek Encounter At Gillespie

Gillespie's Miners, beaten 27-0 Friday by South-Central football conference champion Carlinville, furnish the opposition Wednesday Gillespie for Madison's Trojans, who are seeking to complete their season with an above 500 record.

Despite a 2-5 record at this point, Augie Dicenso's club finished as runner-up to Carlinville in the South-Central race. "That's how close it was," said Dicenso, whose team has three games scheduled over an eight-day period.

The Wednesday date with Madison, a 60-0 winner here last fall, will be followed on Saturday by a Gillespie game with Dupu.

**Big Fullback**  
"We'd like very much to give Madison a little more competi-

tion this year," Dicenso said. He may have just the ticket in big fullback Frank Denutte, a 192-pound senior whom Dicenso is touting as all-conference and perhaps all-district material.

Denutte is the backbone of the Miners' basic split-T offense, used often as a flanker. "He's not fast at all," says first-year Coach Dicenso, "but is tough to bring down."

While the Trojans are concentrating on Denutte, Gillespie may have its hands full with halfback Walt Cooper and fullback Terry Andrews, an effective 1-2 punch for Coach Jim Pickering, whose club has won three in a row after four losses and a tie in its first four games.

The Miners were outclassed by Carlinville in the first half

of Friday's game, trailing 20-0 at intermission.  
"We settled down, adjusted our defense, and played some football in the second half," Dicenso said. "Their last score was the result of a blocked punt."

Gillespie's two twins were shutouts, 13-0 over Mount Olive and 46-0 against Nokomis. The Miners have lost to Jerseyville, Staunton, Hillboro, Auburn and Carlinville.

Dicenso's most effective weapon has been an odd passing formation and the arm of sophomore quarterback Jim Eisman. Dicenso sets Eisman back five yards and flanks his three remaining backs out behind an end, flooding one corner of the field with eligible receivers.

Beaten 27-13 by Jerseyville two weeks ago, the Miners nevertheless passed for 116 yards and two touchdowns both on

## Lions Take Seventh Grade Touch Grid Championship, 25-7

The seventh grade Lions won a division touch football title Saturday with a 25-7 victory over the Browns in the final round of Granite City park district-sponsored action for boys in Wilson Park.

The Twilight Optimists, 25-7 winners over the Cardinals, were runners-up in the same league. Two other league titlists, who clinched championships last week, finished with perfect records by winning again Saturday.

The 5th-6th grade Rams shut out the Jets 15-0 to complete an unbeaten season, while the 3rd-4th grade Rams accomplished the same thing with a 35-0 win over the Warriors.

In other concluding 3rd-4th league play, the Steelers won for the first time, 7-6 over the Tigers. In 5th-6th competition, the Bears took a 6-0 forfeit win from the Eagles while the Falcons were blanking the Mustangs 15-0.

The Rams and Jets of the 5th-6th hoop will meet in an exhibition game at the halftime intermission of the Granite City Belleville high school game here Friday night.

## Mueller Honored As 'Diver of Year' By Scuba Association

Al J. Mueller Jr., member of the local Bubblemasters club and general manager of the Press-Record, was presented with the "diver of the year" trophy Saturday night at the St. Louis Area Scuba Divers Association's first annual award banquet and dance, held at the General Grant restaurant in St. Louis.

Ninety divers and their wives attended. Mueller, a national YMCA certified scuba instructor, received the award for his promotion of diving. A well-known diver, he has had articles on teaching of scuba published in national sports magazines.

Other awards presented were for the most outstanding diver given to Rich Mort of Alton, Mo., for saving a man's life; best underwater movie, John Jennings of St. Louis; and largest fish speared, by John Rice of Collinsville. The association was founded two years ago with members from Alton, St. Louis and Granite City.

Mueller's selection for the top award of the association was made for his continued interest and efforts in the promotion of and the up-grading of the sport of scuba diving in the metropolitan St. Louis area.

Mueller, who has been active in the YMCA scuba program since 1959, was one of the nation's first YMCA certified instructors. He was selected as diver of the year by the Bubblemasters, the local diving club, in 1960.

Galvan leads Bantam scorers with 13 goals, while Fulcher has 11 scores to top players in the Midget division. Lincoln Place clubs lead both divisions, with the Bantam team undefeated and untied and the Midget team boasting a 4-0-1 record.

League supervisor Ruben Mendoza said a film of the 1954 World Cup soccer games in Switzerland will be shown at 7 o'clock tonight at the YMCA. Highlights of the 16-nation finale are featured in the movie, which is open to persons interested in soccer.

## 'Punt, Pass And Kick' Winners Determined

Sixty-six youngsters between the ages of seven and 10 competed in "Punt, Pass and Kick" contests yesterday afternoon at the Granite City high school football field, despite cold, blustery weather conditions.

Division winners were: Charles Palus, seven, Sacred Heart school; Kevin Dyer, eight, Mitchell school; Raymond Hoffman, nine, Sacred Heart school; and Gregory Jones, 10, Marshall school.

The contestants were judged in three categories, punting, passing and kicking a football for distance and accuracy.

Runners-up in the divisions were Robert Gaughan, seven; Randy Proffitt, eight; James E. Zaruba, nine; and Richard Howell, 10.

Local competition was sponsored by the B. E. Hohl Ford agency, with members of the Granite City schools' athletic and coaching staffs dictating the competition.

DAUGHTER OF FORMER  
LOCAL PASTOR WEDS

Miss Mary Leckrone, a daughter of Rev. The fathers of the couple officiated at the service and a dinner for the immediate families followed. Rev. Leckrone is a former pastor of Trinity Methodist Church here.

Attendants were Mrs. Robert Lamp and the Rev. Jon Cocroft. After a brief honeymoon the newlyweds will make their home in Greenfield, Ill., where the bride is a music teacher in the elementary and high schools. She is a graduate of the Belleville Township high school and in 1962 graduated from McKendree college. Her husband will be graduated from the same school in 1963. A social studies major, he is an alumnus of the Joppla, Ill., high school.

Victory Mothers held a state board meeting at the IOOF hall Thursday evening. The state president Mrs. Edith Rhodes, presided and 28 were present from the Granite City unit, Belleville, Washington park, East St. Louis and Edwardsville. ## Private Madison City Meetings Are Defended

There are benefits from conducting private discussions prior to Madison city council sessions, Mayor Stephen Maeras said Friday in disagreeing with the Press-Record's appeal for public representation.

The mayor agreed that public business is discussed privately but said most of the caucus time is devoted to political matters. He noted that council members sometimes do not have an opportunity to see each other between meetings, and commented that a better name for the caucus is a preliminary meeting or executive session.

Remodeled quarters, called a caucus room by city officials previously, do not have that primary purpose, although the room will be used for caucuses, Mayor Maeras said. Reporting that no actual name for it has been chosen, he said the room also will be used for coroner's inquests and by various groups wishing to meet in the city hall.

**Plan Open House**  
Existence of the separate room will aid in protecting the council room from wear and tear except during council sessions, he explained, adding that a public open house is planned next spring after the completely refurbished council room is finished. He noted that it should

## Granite City PRESS-RECORD Page 8 Mon., Nov. 5, 1962

be an extremely attractive room and that the improvement should be the last necessary for many years.

Mayor Maeras said one reason that the public does not attend Madison council meetings is that problems or complaints relating to city services are handled immediately upon being received, without waiting for the next bi-weekly meeting. In Friday's conversation, he was told that uncertainty about the starting time and location also is a possible factor in discouraging public attendance. Following immediately after the closed-door discussion, the public meeting start at widely varying times.

Commenting on a news article about last week's session, the mayor said no actual caucus was held and that one reporter was invited in and witnessed the entire meeting.

The council had been meeting in the fire hall during city hall remodeling but met in the caucus room this time. Five contractors also were called into the meeting, he said, asserting that the public was represented.

**Reason For Caucuses**  
The mayor said private meetings are essential to the smooth functioning of any organization and noted that corporation boards meet privately.

Maeras said all formal transaction of business takes place during the council meetings, which are open to the public. He criticized the way Granite City council meetings are held

The following items were taken from the files of the Granite City Press-Record

## MONDAY, NOVEMBER 8, 1937

New senior and junior officers of the Granite City Chapter of the Order of DeMolay, were installed at a public ceremony Thursday night at the Masonic Temple. They were installed by Thomas Stuebker, Harry Marshall, Fred Jorden, Bruce Hill, Gilbert Watson and James Lowe, all past masters.

Following the ceremonies, Mrs. Al Mueller, president of the Mothers' circle, presented the chapter with a complete set of the official DeMolay robes as a gift from her organization.

The new senior officers are Charles Meyer, master counselor; Randall Robertson, senior counselor; Harry Ward Jr., junior counselor; Vernon Johnson, chaplain; Gilbert Watson, scribe; Russell Harrison, treasurer; John Glenville, secretary; Richard Hoyer, Jr., junior deacon; Richard Newton, senior steward; Richard King, junior steward; Arthur Hager, marshal; Jack Lippert, assistant marshal; Jack Lippert, orator; Roger Davidson, orator; Roy Pendleton, first preceptor; Arthur Trachsel, second preceptor; Ralph Gowen, third preceptor; Bob Senke, fourth preceptor; Kenneth McClatchey, sixth preceptor; Edward Moore, seventh preceptor; and Sam Kargy, sentinel.

Junior officers are Norman Rousey, master counselor; Clifford Nelson and Anthony Kohl, junior counselors; John Hoyer, secretary; Gerald Wood, scribe; Edward Mueller, treasurer; George Kacaleff, senior deacon; David Curry, junior deacon; Herschel Crawford, senior steward; Eugene Jeffus, junior steward; Robert B. Hoyer, marshal; James L. Lippert, assistant marshal; Loren Burns, orator; Roy Chandler, standard bearer; Earl Kane, Neil Kelsa, James Stuart, Frank Willing, Virgil Bleske, Louis Yeach and Ramon Lambert, preceptors; and James Fuhrman, sentinel.

Between 20 and 30 men from the Granite City township relief rolls were scheduled to work today on the first of a series of projects calculated to minimize fire and traffic hazards and eliminate unsanitary conditions.

A loyalty campaign at First Presbyterian church saw \$22,000 subscribed toward the building of the church educational plant that was built nine years ago. Dr. George D. Auer has been assisting Dr. A. Ralph Lyon and directing the campaign.

The congregation will devote all of the next Wednesday in the next 30 months.

Miss Ethel King, 2226 Bryan avenue, departed today for a six-week vacation at the home of her brother-in-law and sister, Mr. and Mrs. S. C. Cook of Riverside, Calif. Before returning home, she also will visit Mrs. King.

President Kennedy says, "In the last two weeks of the political campaign, voters should not pay attention to what promises are made, but to what the candidate has done in the past."

I ask voters to decide whether Fraundorf is the man for sheriff. As a Madison county resident never having personal difficulty with him, I believe that he is not.

I lived in Madison when he was police chief and Gov. Stevenson sent state police to close a gambling house—a job he as a police officer should have done.

Fraundorf did not help the job because city officials told him not to. Now you are asked to believe he is through with Madison officials and is not a lawbreaker, but he is not.

The city hall crowd dictated his selection in the primary. He has taken orders from them for 20 years. Do you believe that he will ignore their orders and do what is right for the people?

I have nothing against him personally. But as a former Madison resident, I am sorry to take this stand.

But because a man is a Democrat does not mean he is the man for the job. Having been a registered Democrat all my life, and knowing the record of Fraundorf and William C. Straube, former five-term Edwardsville Mayor, I cast my vote for Straube for sheriff.

### Important Duty, Decisions

#### Face Local Voters Tomorrow

Important decisions face Quad-City voters in the general election tomorrow. No conscientious American will shirk his duty to vote.

On the banking amendment, the Press-Record recommends an "X" in the "Yes" box. Non-contracting this recommendation is a matter of the state legislature unanimously. It would clarify the state banking act and place state-chartered banks on an equal footing with national banks in several phases of their operation.

Support of the judicial amendment to the Illinois constitution also is suggested. It would place more stress on experience and performance rather than politics. Each judge would have to be an attorney and would devote full-time to his judicial duties. Delays from confusion over jurisdiction would be ended, and there is no reason to assume that cost of the new system would be excessive.

The Press-Record has these views on candidates:

U. S. SENATOR—With 28 years in Congress and the high position of Senate minority leader, Everett M. Dirksen (R), Pekin, provides a tempering influence which contributes to a stable economy and to sound national and international policies. His re-election would continue the balance in Illinois representation in the Senate.

STATE SUPERINTENDENT OF PUBLIC INSTRUCTION—George F. Williams (D), former Quad-Cityan, who has 39 years of experience in education and four years in the state office.

REPRESENTATIVE IN CONGRESS—Melvin F. School, who has 26 years of experience in the campaign in his discussion of national and world affairs, but Cong. Price also has made important contributions in the fields of atomic energy and defense preparedness.

STATE SENATOR—Paul Simon (D), Troy, on his eight-year record in the Illinois House.

STATE REPRESENTATIVES—Lloyd "Curly" Harris (D), Granite City, Ralph T. Smith (R), former Quad-Cityan, and Leland J. Kennedy (D), Alton. Harris and Smith are incumbents and Kennedy has previous experience in the General Assembly.

On the county level, Republicans had no candidates.

Madison County Democratic Central committee, which comprises all of the township chairmen from all over the county, voted unanimously to oppose the Ballot Judicial Amendment, and then because of the insistence of a circuit judge, heard a debate between that circuit judge and the state's attorney of Montgomery county. After the debate, they reaffirmed their position opposing the Judicial Amendment.

Some of the local lawyers opposing the Ballot Judicial Amendment are Randall Robertson, Morris B. Chapman, William C. Straube, John Dufner, Harry Hartman, John Gitchoff and Merin Hiscott.

President of the Madison County Bar Association and President of the Tri-City Bar Association.

COMMENTS ON RECORD OF SHERIFF CANDIDATES  
To the Editor: Our Republican candidate for sheriff, William C. Straube, is campaigning on the basis of a high standard of moral principle and is pledged to clean up the county and drive out hoodlums.

The present candidate is a widely-known moralician of a long-standing, clean administrative record in the most morally clean city in Madison county.

What is the record of Barney Fraundorf, 20 years an officer in the Madison county police department? During his tenure as chief of police, there was a case of a man who was convicted in his own court to close the 200 Club. In addition to gambling, houses of prostitution operated in the city of Madison.

JOHN B. MOSS  
2012 Omaha street

TAKING BODIES SHOULD WEIGH IN PUBLIC, PRESS TO THE EDITOR: You hear some people running for an office, political or club, who say, "I just want to get elected for one term." Are these people interested in our government or their club?

Some of these people wonder what their ideas or reasons are for wanting the job or position. It seems to me that their reasons are for the people they represent, but may be for themselves in some way or another.

It seems to me that these people are not interested in thinking about at election time. Also, will we get a chance to express our

views on the April ballot for six of the seven offices. Two of the positions are still vacant.

Our preferences are: County Judge—Michael Kinney (D), Alton, incumbent; County Clerk—Eugene Jeffus (D), Edwardsville, incumbent; Probate Judge—Austin Lewis (D), Madison; Probate Clerk—Dale Hilt (D), Madison, incumbent; County Treasurer—George Musso (D), Edwardsville; Sheriff—Barney Fraundorf (D), Madison; County Superintendent of Schools—Wilbur R. L. Trimpe (D), Bethalto, incumbent.

Enrollment Prompting McKendree College Expansion, Modernization

Methodists of the Southern Illinois Conference have undertaken a worthwhile project in seeking to raise \$100,000 to expand and improve aging McKendree College buildings bulging with an enrollment that has grown 90% in the last decade.

Major attention in Madison county is centering on establishment of the new state university, but private institutions also are an essential part of higher education.

Oldest Methodist church-related college in America, the school at Lebanon has been teaching residents of this area for nearly 135 years. Its long-range program, of which the current phase is only a start, should enable it to continue the fine McKendree tradition of service.

Instruction Quality Valid Consideration But Attempt At Secrecy Is Disappointing

The teachers' committee which met informally with the Granite City school board is correct in stressing the essential nature of a high caliber of instruction and allocation of sufficient funds to continue attracting good teachers.

It is disappointing, however, to see a move for secrecy by the very people who have been preaching concepts of democracy and freedom in the minds of school children. The public's right to know public business—a safeguard for teachers and all other citizens—was challenged by individuals from whom a different stand could have been expected.

We don't know which points discussed were regarded by the committee as potentially "jeopardizing" its efforts for the protection of the school. We don't know which points discussed were regarded by the committee as potentially "jeopardizing" its efforts for the protection of the school.

The school board is in a better position than any of its employee groups to determine how school funds need to be used, and it has displayed courage in continuing to build classrooms at half cost to the taxpayers despite pressure to stop. Teachers have a right to seek favorable pay levels and working conditions, but they should never be permitted to reach a position in which they could dictate to the board.

What's best for teachers is, in many cases, but not always, what's best for the schools. The board must continue to set policy, the administrative staff to operate the schools, and the teachers to teach.

This is the traditional—and the most effective—pattern of school operation; it offers the best chance for improvement in instruction which is so vital to our young people, our community, and our nation.

Views on important matters on the council floor? This we are asking.

It's got to now where our news reporters even get banned from meetings, such as when the Madison Police Chief, Barney Fraundorf, Democratic candidate for sheriff.

"As state's attorney, I am naturally interested, officially and unofficially, in the election of a police department in the county and we have had the fullest and most effective cooperation from Chief of Police Fraundorf."

"This record and his personal assurances have convinced me that the police department in Madison county want strict and effective law enforcement, as I believe they do, the election of Barney Fraundorf as sheriff is imperative at this time."

The sheriff determines the policy and tone of his office and no chief deputy or group of deputies can do an effective job unless the sheriff can and will provide the proper leadership.

"Although I am a Democrat and somewhat partisan in my views, my judgment in this matter is based on the facts and my desire as state's attorney to elect a sheriff in whom this office will have confidence."

SON BORN TO FORMER Local Resident

The child, a daughter, Jane Lucretia of Normandy, Mo., a daughter of Mr. and Mrs. Harold V. Slate, is the first child of the couple. The child's godparents are Mr. and Mrs. Dennis V. Slate Sr., 2604 Benton street.

The infant also has two great-grandchildren, a son, William J. Slate, and a daughter, Mrs. Bertha Voss, both of this city.

sands of Illinoisans interested in good government join with us in urging your support of William J. Scott, for state treasurer.

MRS. RONNIE L. CRILEY, a bride of Saturday. Before her marriage at Hope Lutheran Church she was Betty Schiber, a daughter of Mr. and Mrs. Clarence Schiber, 18 Bermuda lane.

## Miss Betty Schiber Becomes Bride Of Ronnie L. Criley

Hope Lutheran Church was the scene of the wedding Sunday afternoon of Miss Betty Schiber, a daughter of Mr. and Mrs. Clarence E. Schiber, 18 Bermuda lane, and Ronnie L. Criley, whose parents are Mr. and Mrs. Robert W. Criley, 9 Bermuda lane.

Rev. Alfred Bula heard the vows of the couple at 2:30. Albert H. Frommeling was organist and accompanied the soloist, Mrs. Raymond Schindewolf. She sang "O Perfect Love" and the Lord's Prayer. The double-ring ceremony was used.

The bride wore a gown of white satin brocade featuring a scoop neck outlined with pearls, bracelet-length sleeves and a voluminous skirt with a bustle at the back adorned with fabric roses at the waist and extending in a graceful chapel train. An elbow-length veil of imported silk illusion was secured to a jeweled crown and the cascade bridal bouquet was made up of white carnations surrounding a white orchid.

The maid of honor, Miss Pat Schiber, a sister of the bride, and bridesmaid, Miss Carol Laufer, of Steelville, Ill., a cousin, wore identical gowns of azalea velvet with scoop necks, bracelet-length

sleeves and bell-shaped skirts accented at the back of the waists with obi sashes. Circular nose veils and headpieces of azalea velvet completed their costumes and they carried cascade arrangements of azaleas.

Gary Criley was his brother's best man, serving with William Houser, groomsmen, and William Zimmer and Rayburn Luescher, ushers.

The reception was held at the Big Top Bowl directly after the church service with Miss Gloria Schiber, a sister of the bride, presiding over the guest book.

When they return from a honeymoon in the Ozarks, the newlyweds will reside at 2242 Cleveland blvd.

The former Miss Schiber was graduated from the Granite City high school in June 1960. Mr. Criley attended the Centralia Township high school, later graduating from the local high school. He is employed at McDonnell Aircraft Corp. and is studying at Southern Illinois Residence Center in Alton.

The bridegroom's parents entertained the wedding party and Rev. and Mrs. Bula at a rehearsal dinner in their home Saturday evening.

## Labor Leader, Tax Expert Endorse Judicial Amendment

Endorsement of the judicial amendment in tomorrow's election were announced over the weekend by Lloyd McBride, assistant director of the United Steelworkers; Maurice Scott, executive secretary of the Taxpayers' Federation of Illinois; and Irving Dillard of Collinsville, University of Illinois trustee.

McBride, who is an executive board member of the United Steelworkers Illinois State Political Education committee, said:

"We've been for the blue ballot all along and urge every voter to vote 'yes.' The judicial amendment will modernize our courts and increase justice for all the people."

Attacking blue ballot opposition, McBride said that the cost of the amendment will be very small, and when you figure in the opportunity that litigants will have to get their cases heard faster in a modernized court system, there can be savings to taxpayers throughout the state. Local governments will realize savings, too.

Dillard, a former Post-Dispatch editorial editor, said Saturday that "misinformation was being spread by selfish interests opposing the Illinois court reform."

He urged "yes" votes on the blue ballot. "All the misinformation about the proposal cannot be accidental and unintentional. There is a sound answer to every criticism of the Illinois judicial amendment."

"It does not have to be perfect to be a great improvement over the costly, wasteful, overlapping, inefficient haphazard scheme of courts we now have," he continued.

Every Illinois voter — which means every potential litigant — owes it to himself and his children, who themselves are potential litigants, to place an "X" in the Yes box on the blue ballot as his first act on entering the polls on Tuesday," Dillard said.

## Marine Corps Displays Anniversary Cake Here

## Six Injured In Area Weekend Traffic Mishaps

Weekend auto accidents in the Quad-City area or involving Quad-Cityans resulted in injuries to six persons, none serious, according to reports from local authorities. Seventeen mishaps were reported.

Ernest L. Greene, 39, of 2221 Dogwood drive, was charged with failing to yield right-of-way about 7:10 a.m. Friday. He and Lynn B. Kinney, 37, of 2584 Waterman avenue, suffered minor injuries in an auto accident at Nameoki road and Faith avenue. Police said Greene was driving west on Faith and Kinney north on Nameoki.

**Child Falls Out Of Auto**  
Little two-year-old Pamela Peach, daughter of Mr. and Mrs. Richard Peach, 1800 Second street, Madison, is a patient at St. Elizabeth Hospital being treated for abrasions to her face. She was hurt Friday afternoon when she fell out of a moving auto near the hospital.

From the family it was learned the girl was riding in the auto driven by her mother who was making a turn out of a drive-in restaurant near the hospital. The child apparently fell against the door causing it to open. It was reported.

Edward C. Simmons, 49, of 1533 Johnson road, was injured slightly about 12:20 this morning when his auto struck a utility pole in the 3700 block of Nameoki road. He posted \$47 cash bail after being charged with leaving the scene of an accident.

She was a passenger in an auto being operated south on U. S. 67a by her husband, Wayne, who escaped injury.

Their three children, including 11-week-old Karen, also were unhurt.

Mrs. Kelly said a northbound motorist made a left turn in front of their auto, causing the crash. State troopers handled the accident, but a report was not available at the French Village headquarters today.

## Events Of First 100 Years Cited At Church Dinner

Singing of "Blest Be The Tie That Binds" climaxed the centennial banquet of St. John United Church of Christ (Evangelical and Reformed) attended by 482 persons Saturday evening at Coolidge Junior high school.

The gathering had heard reminiscences by Rev. Paul R. Surbey, pastor since 1954; Rev. Chester Uthlaut, 1944-53 pastor; and Rev. Paul Schoppe, 1927-44 pastor.

In addition, nostalgic recollections were related by two who spent parts of their childhoods at St. John, Miss Fred Dextelmeier, daughter of the late Rev. Karl Dextelmeier, 1917-27 pastor; and Dr. Ewald Plasmann, pastor of the United Church at Peotone, Ill., and son of Rev. Gustav Plasmann, the 1900-17 local pastor.

Living descendants of the 14 church founders were recognized and flowers were presented to the oldest church members present, Mrs. Louise Hommer, 91, and Thomas Booth, 88. A bronze plaque listing the founders was displayed.

President Alfred Schreiber opened the program and Oliver Jacobmeyer served as toastmaster, reporting that a motion picture of the banquet will be shown at the next congregational meeting. Speakers included Dr. John Schmidt, president of the South Illinois Synod, and there were songs by the Original Sinners, a quartet from Eden Seminary.

Leonard Bickel, centennial chairman, was introduced along with Dr. E. H. Theis, brochure chairman. Honorary life members, church chairman, and Miss Lois Koppelman, new St. John director of Christian education.

Speakers recalled when the church services were conducted in Germany, a golden rooster topped the steeple, a bullet was fired into the parsonage bedroom during the "roaring 20's," an influenza epidemic ended the custom of using a common cup for communion, 1963 flood waters reached to within eight feet of the parsonage, the present location was once far from the urban area, the church burned and was replaced, and various improvements were carried out.

Meatloaf Masterpiece

Meatloaf is more than an economy dish. It's the favorite for pot-luck affairs, and it's the way to serve the family or a big crowd easily. Meatloaf is most often thought of as the way to economize on meat. You can make it go a long way and you can use low cost meats without being afraid of the results.

However, there's no reason to ever hesitate serving meatloaf to anyone. Even a simple meatloaf can be a culinary masterpiece. There's just one secret to getting raves about your meatloaf and your cooking. Make your dish just ever so slightly different.

For many dishes, the difference can be easily attained by adding just a little bit of horseradish. Prepared horseradish will give any meatloaf dish a hidden flavor touch that will make one ask, what's new? Believe it or not, there's no odor, no heavy flavor of horseradish, just a fresh, delightful hint of something new in meatloaf.

Try the recipe below, or just add one tablespoon of horseradish to each pound of ground meat the next time you make meatloaf.

**SEVENTY MINUTE MEAT LOAVES**  
1 1/2 cup chopped onion  
1 tablespoon butter or margarine  
1 egg

1/2 cup milk  
2 tablespoons ketchup  
1 tablespoon prepared horseradish

Combine all ingredients and bake for 20 minutes. If time is of the essence, bake individual portions which will take less than 20 minutes.

## Dedication Of New Dam Scheduled For Thursday

Formal dedication of the new rock fill Dam No. 27 on the Mississippi River just below the Chain of Rocks Bridge will be held at 2 p.m. Thursday at the Illinois end of the dam.

Participating in dedication ceremonies will be officials representing the states of Illinois and Missouri, the U. S. Army Corps of Engineers and the Mississippi Valley Association as well as members of the shipping industry.

The recently completed \$4-million dam was installed by the Corps of Engineers to maintain a deeper channel at the Alton locks. Previously, water level during low river stages was insufficient to carry a fully loaded barge over the lower lock sill.

Special music at the dedication ceremony will be provided by the Granite City high school band. The band will open the program with the National Anthem, and will conclude the program with a 15-minute performance.

Col. Alfred J. D'Arzo, district engineer, will explain the purpose of the project. Baxton Carr of Washington, D. C., president of American Waterway Operators, will describe the benefits of the dam to shippers and the public.

Everett Winter, executive vice-president of the Mississippi Valley Association, will serve as master of ceremonies for the program.

A Corps of Engineers spokesman said a number of political officials and representatives of inland waterway transportation firms and related businesses have indicated they plan to attend.

The dedication ceremony will be held in a large tent erected on the shore. Access to the site is provided by a rock road leading from U. S. Expressway 40, a short distance east of the Chain of Rocks Bridge.

Refreshments were served to the above and Jane Moske, Kenneth Kahn, sixth grade teacher at Webster school, Mrs. Jo Ross, leader, and Mrs. Dolores Mount.

NEW ROCK FILL DAM to be dedicated on the Mississippi River Thursday is the first such structure in a major river in the U.S. A cross section of the dam, at top, shows careful placement of stone designed to prevent washout by scouring action of the river. The stone, ranging in size from gravel to sixteen boulders, is placed in zones, as shown. The dam, shown at lower right at normal river stage, is not visible above the surface of the swirling water. A stretch of rapids is caused as the river pours over the rocks which form the barrier. Location of the dedication ceremony is shown on the map above.

An election of officers was held. Barbara Settle was elected president, Debbie Sparks vice-president, Jackie Ross secretary and Nina Caschetta, treasurer. After the election, the girls were entertained with movies of the troop's Brownie investiture and other scout activities of the past four years.

Each girl was presented with a 50th Girl Scout anniversary token inscribed with the Girl Scout laws.

### Explosive Disposal Team At Depot On Emergency Alert

The 50th Ordnance Detachment (Explosive Disposal), Granite City Army Depot, is presently stationed at its tactical battle ground. In the event of hostilities, the 50th will be called upon to render safe removal of unexploded items that are placed, dropped or propelled into its vast area of responsibility. This team of trained technicians is qualified to handle conventional and nuclear weapons of all nations. Units of this nature are strategically stationed around the nation and are small in size. Each has a large area of responsibility with a small amount of personnel. To fill this gap, it is necessary to train Civil Defense in each city and county how to identify items so that accurate reports will eliminate wild goose chases.

Explosive disposal units also train Civil Defense personnel in protective works, and safety precautions. To date, relatively few have been trained in comparison to the need. The 50th Ordnance Detachment (ED) will avail themselves around the clock to teach Civil Defense, fire and police departments of any city in its area. Information may be obtained from the 50th Ordnance Detachment (ED), Granite City Depot, Granite City, Glenview 2-7300, Extension 318.

**NOTHING TO BUY.** All you do is register with any appliance dealer participating in this exciting electric dishwasher give-away!

This is the way your appliance dealer is thanking you for coming in to see a demonstration of the brand new electric dishwashers... an electric servant every home deserves. A dishwasher lets mother get out of the kitchen and join the family circle for TV or conversation. (And a dishwasher relieves dad from pitching in on the dishes, too.)

*Hurry—register for a free dishwasher at your participating appliance dealer's now!*

##### RULES:

1. Eligibility. Only Illinois Power electric customers are eligible to win.
2. Properly completed Registration Form must be deposited at a participating dealer's store prior to the close of business December 31, 1962. Registration form must be signed by the person registering and by the dealer (or his representative) with whom the registration is deposited.
3. Winning registration will be selected January 10, 1963, and announced shortly thereafter. Winner will choose a new electric dishwasher (valued at \$250.00) from the dealer's store at which the winning registration was deposited.
4. If the winner purchases a dishwasher during the period November 1-December 31, 1962 from a participating dealer, the purchase price (\$250.00 maximum) will be refunded.

Nuclear Attack Program For All State Hospital  
Work is under way on a program geared to provide protection for All State Hospital patients and employees in the event of a nuclear attack in this area. Dr. Abraham Simon, superintendent, said today.

Dr. Simon has appointed A. K. Smith, business administrator, as Civil Defense director. He attended a recent meeting of Civil Defense representatives from departmental institutions in Chicago.

Smith has outlined three steps which will be taken in development of the program. He said there will be orientation of employees to survival techniques in the event of a nuclear attack. This will be followed by organizational work, which he said will involve many people in the program. Finally, hospital officials will proceed with development of an institutional-level program which will include such techniques as shelter stockpiling, emergency medical treatment and other procedures.

This program will be separate from the existing disaster plan to be utilized in the event of natural disasters such as severe storms.

Smith said All State Hospital has a start on a program since about 15 months ago there was an inventory of basement space which could be utilized.
